THE
WOODS AT OAKLEY

The Woods at Oakley

Home to 12 acres of stunning, vibrant, picturesque woodland, nestled in the heart of Wiltshire. This secluded corner of the countryside boasts an enchanting canopy of oak, ash and hazel trees under which to exchange your vows and celebrate your marriage with loved ones. The woods will be exclusively yours and we encourage you to express your style. We want you to enjoy a unique wedding full of the things and people you love.

Protect the Woods

We are passionate about conservation and sustainability. All weddings held in the Woods at Oakley help fund our vital canopy project which aims to carefully remove ash trees that have been effected by ash die back and replant native British trees.

Every couple is given a tree as a wedding present from us to commemorate your marriage and we welcome you back to visit it in the future. Perhaps a romantic anniversary picnic in the woods under your tree? So not only are you hosting your wedding in these beautiful woods, you are playing a vital role in supporting the future of the UK's precious woodland and the wildlife it sustains.

We even have our own pure spring water which flows into our woods, from the ancient Stonehenge aquifer.

Secluded Spaces

Nestled in the heart of the woods is the Hazel Bower where you can exchange your vows in our charming hand made Oak Arbour. Whilst your family and friends sit under a stunning cathedral roof of ancient trees. And if the trees are not enough to protect you from the elements, we have a stunning stretch canvas which fits snugly between the trees. The oak arbour is licensed for wedding ceremonies.

Just a short stroll along a meandering path takes you to the Bluebell Glade where you can erect a marquee, tipi or simply dine and dance under the woodland canopy to celebrate your marriage.

Hidden throughout the woods are secret spaces for you to discover, from romantic tree swings, to meditation benches, cosy fire pits, magical fairy doors and mysterious wishing trees.

Everyone is Welcome

In addition to your wedding guests, we warmly invite animals to be part of the celebrations, whether that is a flower pup or your horse carrying your fiancé.

We also have a family of rescue animals who will happily pose for hours for photographs, Kevin the donkey in particular loves attention.

Plant a tree

Every couple who gets married in the Woods at Oakley is invited to plant a tree to commemorate their special day. Our gift to you is a beautiful oak, beech or hazel tree that you can plant on your wedding day and come back to visit in years to come. The trees have all been grown in the UK and are native to the Woods at Oakley.

Oak

The ruling majesty of the woods, the wise old English oak holds a special place in our culture, history, and hearts. It supports more life than any other native tree species in the UK; even its fallen leaves support biodiversity.

In England, the oak is a national symbol of strength. Couples were wed under ancient oaks in Oliver Cromwell's time, and it is the emblem of many environmental groups, including the Woodland Trust.

A large, deciduous tree growing up to 20–40m tall.

Beech

Monumental, majestic, home to rare wildlife. Beech is associated with femininity and is often considered the queen of British trees, where oak is the king. To wander beneath the leafy canopy, its cathedral-like branches spreading upwards, is an awe-inspiring experience.

Mature trees grow to a height of more than 40m

Hazel

Catkins resembling lambs tails, and late-summer nuts. Hazel is one of the most useful trees for its bendy stems and as a conservation saviour, and it's nuts are loved by people, squirrels and hazel dormice.

Hazel has a reputation as a magical tree. A hazel rod is supposed to protect against evil spirits, as well as being used as a wand and for water-divining. In Ireland, it was known as the 'Tree of Knowledge', and in medieval times it was a symbol of fertility.

Trees can reach a height of 12m and live for up to 80 years (if coppiced, can live for several hundred years).
