THE
WOODS AT OAKLEY

Friends of The Woods at Oakley

We are blessed with a growing bunch of friends of The Woods at Oakley, who we have collaborated with to offer you bespoke services and one of a kind products. We have included their stories, photos and offers in this brochure.

However, we whole heartedly believe there are no strangers in this world, only friends we have not met yet. So if you have any recommendations please do share them with us.

All The Kit

—◆◆—
We are a sound, lighting and events company established in 2007,
based just next door to the Woods at Oakley.

Being neighbours we know the woods well and love to add a few special touches to enhance the celebrations. We have a wide range of stretch tents that fit perfectly amongst the trees which we can furnish and light to suit your style. If you are planning on entertaining your guests we have an exciting range of sound systems. And when the music has to stop at 11pm you can put on your headphones and continue dancing with our silent disco!

Pop in and see us when you visit the woods - we would love to hear your plans and to offer you a discount.

Eco Tipis

Ecotipi Events is run by Alex, Jamie and Liz, three long term friends who got together looking for a change in career. Being a young company, we aim to please with a simple, can-do attitude. We also want to make your event as effortless as possible, by providing not only the tipis, but also tables, benches, chairs, bars, dance floors, lighting, stage, walkways, festoon lighting and decorative barrels. You really can create whatever you heart desires.

Our friendship with the Woods at Oakley began a few years ago. We were putting our tipis up just down the road and popped up to see what all the talk was about... well needless to say the rest is history. It was clear to see our values and beliefs were aligned!

We love working in partnership with them and offer exclusive packages because of our relationship.

Sweet Peach Cake Studio

Sweet Peach Cake Studio is a small, independent business, creating artistic and delicious vegan and 'free-from' wedding cakes and dessert tables to help you connect and celebrate together.

My passion for baking began after both of my daughters were diagnosed with a milk allergy. This led to a desire to develop a range of delicious, allergy friendly cakes, where no-one could tell the difference from a 'normal' cake and everyone could enjoy the centrepiece. After all, no one should feel left out at a party!

After extensive training in free-from baking, a certificate in plant-based patisserie with Le Cordon Bleu Cookery School, further allergy training and a 5* hygiene rating - I am proud to be baking naturally inclusive, spectacular cakes that can be enjoyed by everyone.

When it comes to design, I like to focus on a simple, understated and relaxed style which is often inspired by the beauty of the natural world. I offer a creative, warm and professional service, listening carefully to your brief to ensure you are thrilled with your finished cake.

I am excited to be collaborating with The Woods at Oakley and look forward to creating a show stopping cake that will capture the beauty of the woods, the love of your marriage and can be enjoyed by all your loved ones on your special day.

Springhill Florals

Springhill Florals is a floral design studio based near Shaftesbury, Dorset owned and run by wedding and events florist Sarah Pettigrew.

I love to work with seasonal British grown flowers and foliage whenever possible, in a loose, natural, sometimes wild style, taking inspiration from nature. Being ever conscious of sustainability I only work with flowers in season and don't use any type of floral foam in my designs. I really enjoy creating floral designs in the Woods at Oakley taking inspiration from the ancient woodland.

Salisbury Flower Shed

I'm Sue Ford, owner of Salisbury's newest Independent Florist, 'Salisbury Flower Shed', based on the outskirts of Salisbury on Old Sarum Business Park.

In my first year I won 'Best Florist in Wiltshire' and 'Best New Business' at England's Business awards 2023.

I work alone covering all aspects of floristry and every job, no matter how great or small, is individually and uniquely considered to suit your budget.

Robin Goodlad Photography

Robin Goodlad Photography is based in nearby Dorset, and Robin has over 15 years experience in photographing weddings in a subtle, unobtrusive way, observing how the day unfolds to give timeless, authentic and above all genuine photographs of your day.

As a keen outdoorsman Robin has a deep connection with the woods and the environment, incorporating the landscape and how the light plays through the trees is a big part of Robin's photographic style. Combine the documentary style with the incorporation of light and the wider landscape, and you have a collection of photos which tell your woodland wedding story perfectly.

Alice Rose Photography

Alice is based in Salisbury, Wiltshire, not far from The Woods at Oakley and has been shooting weddings since 2013. She loves the fun and energy they bring and being part of such a special day. Her style is natural and candid, and favours bright, light, colourful images. She loves shooting with natural light and outdoor venues. She wants you to remember how you felt on your wedding day when you look back at your photos, not how you were asked to stand, so posing is kept to a minimum and she spends much of the day in the background. Her relaxed and friendly style ensures that you'll have genuine smiles and emotions and all the day's candid moments captured beautifully.

Ribble

Ribble - two Northern men, a fiddle, a guitar, and a large beard. So far, so what? Well, add in a 90s drum synth, some mighty arrangements of meaty fiddle tunes, some songs, some wrong turns, battle scars earned busking the streets of Salisbury, a barrowload of inane banter and the feeling that your mad rum-soaked uncle is roaring at you to dance on the tables, then you're getting close to what Ribble offer.

For those of you of a more delicate or sophisticated nature, please rest assured we can reign in our more feral impulses to produce a smooth background sound for your wedding. Look at our gig history to see we've been very popular on the wedding circuit.

Hotrocks

Hotrocks is a wedding and party band, based very locally to The Woods at Oakley (so close that we rehearse at the wonderful facility provided by All The Kit at Oakley Farm).

The band has been together since 2015, and we have played weddings, 40th/50th/60th birthday parties, corporate events, festivals and charity fundraisers. We love to make a wedding very special for everyone there. Our setlist is hugely varied: from the Monkees to Foo Fighters; from Paolo Nutini to The Killers.

Wherever possible, we are happy to play particular songs that have a special meaning for you. Do get in touch if there are songs that you really want to have at your wedding.

Our package includes a full PA and lighting, so all you have to do is decide on which songs will suit you best.

We hope you find our recommendations useful and if you have any questions please do not hesitate to contact us. We welcome site visits from suppliers and are always happy to advise.

We very much look forward to your woodland wedding day here in the Woods at Oakley.
